FOR IMMEDIATE RELEASE

Giving Hope & Help Announces its 2nd Annual Feminine Hygiene Product Drive

Press Release

Kansas City, MO, Saturday, December 13, 2014- Giving Hope & Help will host its 2nd Annual Feminine Hygiene Product Drive at the Kansas City Missouri Public Library-Plaza Branch in the Large Meeting Room from 2pm to 5pm. They will be collecting sanitary napkins and tampons to support domestic violence survivors at SAFEHOME in Overland Park, Kansas and Hope House in Jackson County (two locations).

The first Annual Feminine Hygiene Product Drive was on 11-30-13. The drive was inspired by the Giving Hope & Help founder, Jessica McClellan, in honor of her birthday which is at Thanksgiving time yearly. She hosted "The Thanksgiving Birthday Give-Feminine Hygiene Product Drive" in honor of her birthday and requested sanitary napkins and tampons in lieu of gifts after discovering that sanitary napkins and tampons were often overlooked when it came to donations. The drive was a success and over 5,000 products were collected to benefit domestic violence survivors at Hope House in Jackson County (two locations).

This year Giving Hope & Help is seeking community and corporate sponsors to participate in the drive to benefit SAFEHOME and Hope House domestic violence survivors. The goal is to add another domestic violence shelter yearly to receive these two products that are often overlooked. The ultimate goal is to partner with disaster relief organizations supplying them with sanitary napkins and tampons to aid natural disaster survivors around the globe.

Giving Hope & Help is a nonprofit organization that compassionately partners with other human service organizations, the community, businesses and individuals to meet needs and make a difference.

Giving Hope & Help is a state of MO registered nonprofit organization. The 501c3 application has been submitted.
